

Dear Hiring Team,

I am a post graduate in Computer Science and Engineering and I am writing to express my interest in an open role at your esteemed organization.

I have achieved notable programming accomplishments, including successfully solving over 450+ DSA problems on platforms such as LeetCode, HackerRank, and CodeChef. I hold a 5-star rating on HackerRank in Problem Solving and secured a global rank of 339 in CodeChef Starters 77. Furthermore, I qualified in the CodeChef Exun 2021-22, which further enhanced my problem-solving abilities.

During my tenure at Desi QnA, I was responsible for Designing and Developing fully responsive web pages for their website. I also worked on user authentication and implemented measures to detect and remove fake Bots and Posts. Furthermore, I integrated reCAPTCHA, adding an extra layer of protection to the website.

At Accolite Digital, I worked on various aspects of web development, including the dashboard, navigation bar, and different sections of websites such as display the charts and product uploading for the e-commerce section. I collaborated with the team on API integration and played a role in data verification. Additionally, I utilized ReactJS Components to design and create new components for enhanced user experiences and I utilized Java, Spring Boot, SQL for design and develop RestFul Api's.

In addition to my Technical skills, I have always had a keen interest in Technology, which has been evident since my Graduation. I have been actively involved in web development since the BCA and have consistently challenged myself to enhance my coding skills throughout my Graduation.

I believe that my proficiency in Data Structures, Algorithms, Problem-Solving, and practical experience in solving real-world problems make me a valuable asset to your organization.

Thank you for considering my application. I am available for an interview to discuss my qualifications in person.

I appreciate your attention and look forward to the possibility of joining your team and contributing to the Organization's success.

Thank you for your time and consideration.

Sincerely,
Gobind
